## Larger Sales—Smaller Profits

A high level of sales by a business doesn't necessarily mean a high level of profits.

An editorial in Chain Store Age provides a concrete example of this. According to the 1957 annual reports of some 60 chain systems, operating about 20,000 stores, there was a gain in sales volume—and at the same time there was a decline in net profits per dollar of sales. The only exception was the food chains. They did manage to show an increase in the ratio of net profits to sales, but the improvement was very slight compared to the gain in volume.

So, Chain Store Age states: "Operating economies have always been a prime objective in chain store operation; but right now they are more necessary than ever." A survey made by the magazine's editors finds that there are actually 144 ways in which various chains have made cuts in operating costs.

The current situation points up a fact that deserves much more recognition than it generally gets—that retail profits are much smaller than most people realize. Leading food stores commonly have little more than a cent left out of each dollar of sales after the bills are paid. Other kinds of stores earn only two or three cents on the dollar. When profit margin is this small, it could turn into a loss in a hurry unless strict standards of operating economy are imposed and maintained.

What keeps profits so low? The answer, of course, is competition. It guarantees that the consumer gets the best possible deal for his money.

## Farm Safety Week

There's one coming event which every farm family in this country should welcome with enthusiasm. It's Farm Safety Week, to be observed during the July 20-26 period.

Farmers face all the common hazards of modern living. In addition, in the pursuit of their calling, they encounter special accident hazards all their own. For example, take tractors and other mechanized farm equipment. These machines are absolutely essential to successful modern farming. The machinery engineers never lose sight of the safety factor. New safety devices are incorporated in the designs as soon as they are proven. Careful instructions concerning safe operation are issued. But all the precautions on earth will do no good if the users violate common-sense rules.

Youngsters are permitted to operate machines—and ever so often a tragic and totally unnecessary death or maiming results. Farmers drive unlighted or inadequately lighted, equipment on public roads at night—and the immutable law of averages says that this practice must end in disaster at frequent intervals.

Mechanically minded farmers sometimes get ideas for making changes in their equipment, or in adding

accessories of their own design and construction. More often than not, this creates new dangers to the operator. It's a rare farmer indeed who has the engineering knowledge, the skill, and the facilities to improve on what the factory has done.

During Farm Safety Week, authorities will deal with all manner of farm hazards and show how they can be eliminated or minimized. It's an opportunity that agricultural America can't afford to miss.

## The Biggest Flaw

How do Russian and U. S. medicine compare? That question is a provocative one. And an answer has been supplied by Dr. Gunnar Gundersen, newly-elected president of the American Medical Association, who recently toured the Soviet Union.

His views appear in an extended interview in the May issue of Today's Health. All in all, what he has to say is highly reassuring. The Russians are not beating us in the race of medical progress. In some important fields, such as antibiotics and hormones, they've done little or nothing. For the most part, their hospitals and other facilities are crowded and the physical plants are below U. S. standards. Their medical schools seem to be about on a par with ours and graduate work is also comparable. Doctors, if they have any instinct of self-preservation, must pretty well follow the Soviet political line, as must everyone else. To quote Dr. Gundersen directly: "Human life is not very precious in Russia. I believe medical care doesn't enjoy too high a priority."

Most significant of all, to many minds, is the last question asked of Dr. Gundersen: "What would you say would be the basic weakness of the Russian medical system as compared to ours?" He answered: "We place a great deal of emphasis on freedom in this country. I'm convinced this freedom just doesn't exist in that kind of economy. It doesn't exist under their system. That's the biggest flaw."

Freedom is our greatest resource.

## Today's Forgotten Man

A spokesman for an association of some 800,000 retailers throughout the country, recently appeared before the Senate Subcommittee on Labor. He had formerly been connected with the National Labor Relations Board for many years. He told of grossly unfair union activities—including organizational picketing and secondary boycotts—which are being used against stores as well as other enterprises. He pointed to gross weaknesses in the existing law, which puts employers at the absolute mercy of union chiefs. Then he said: Unions today possess great economic power. They also possess legal immunities from the laws, possessed by no other citizen.

"I hardly need emphasize to this Committee the almost absolute control which unions have over our economy. A single man by whim or caprice can disrupt a vital segment of our business. A small business can be destroyed overnight. . . . The shocking disclosures of the McClellan Committee, the theft and fraud on union members; cannot be imputed to personalities alone. . . . They are, rather, a manifestation of laws which permit unbridled power to run rampant unshackled." These laws, he added, "look with favor, not on the individual worker who is the forgotten man, but on increasing the monopoly controls of unions with no regard to the rights of other citizens."

These are strong words. But the evidence supports them to the last period.

### OUR PLAYER PIANO

By Joan Lang

We have a player piano at our house. It was made in 1899 by Wurmlitzer Kingston. The finishing touch was given it on May 9, 1910.

When we first got the piano, half the keys didn't play and the player part wouldn't play, but we got a Mr. Durling (he is a piano tuner, and a good one, too) to come out and fix it. He started at 4:30 and quit at 12:00 midnight, but it plays wonderfully now. Right now my dad is playing Zenda Waltzes on the player piano part. We have about 74 rolls for it. It's hard work to pump it, but it's lots of fun.

## MOOSE TOPICS

The Antioch Moose Lodge No. 525 is enjoying a new air conditioning unit recently installed. Andrew Andersen, a member, did the installation.

The lodge has a fish fry—also shrimp and halibut—every Friday night at 6 o'clock until all are served. Moose members are invited to bring their families and enjoy a treat.

A group of Moose members will go by bus Friday night to Milwaukee to see the Cubs play the Braves.

Antioch Chapter No. 735, Women of the Moose held a business meeting on Thursday, July 17, at the Antioch Moose Home. There were 51 members present for the successful balloting on three candidates, Misses Pat Palmer, Gladys Provencal and Mrs. Emil Novotny.

Refreshments were again served by the Executive committee and the table decorations were another conversation piece. The co-workers to follow will have to work to match the Executive committee planning.

Plans for the coming year are nearly complete and all the co-work-

ers are looking forward to a successful year, with the co-operation of all it is assured.

According to government figures, the assessed value of all property in

this country subject to a general property tax was \$280 billion last year—which is approximately equal to the national debt. Real estate accounted for \$210 billion of this sum.

## Farmers Get \$9,034 from Loan Association

WOODSTOCK — Farmers in Boone, McHenry and Lake counties are receiving checks totaling \$9,034.50, as dividends on their stock in the National Farm Loan Association of Woodstock, according to an announcement made today by Ray Timmons, secretary-treasurer.

The dividend at 6 per cent was declared by the board of directors of the association at its last meeting payable to its member-stockholders of record at the close of business on May 31, 1958.

The payment of this dividend by the association has the effect of reducing the average interest paid this year by association members on their loans.

The dividend payment by the association was made possible by the recent dividend received on its stock in the Federal Land Bank of St. Louis. Thus the association is passing on to its members a portion of the savings made by the cooperative land bank system. The remainder of the dividend paid by the bank will be used to build reserves in the association.

## Library News

### New Memorial Books at Library

In "The Cattleman," Mari Sandoz has given us another fine history of her beloved West. From the time Coronado's expedition brought the ancestors of the Longhorns, through the homestead struggles and the great droughts, she has vividly described life on the range. "The Cattleman" was presented to the Antioch Township Library in memory of Elizabeth and Ray Webb.

In "The Ordeal of Woodrow Wilson," Herbert Hoover describes from first-hand knowledge President Wilson's efforts to build a just and lasting peace from the tragic ruins of World War I. He describes in moving terms the demolition of the "Fourteen Points" when the idealism of the New World ran head-on into the cynicism of the Old World.

For high adventure, no imaginative tale can equal "The Great Age of Discovery" by Paul Herrmann. A vast host of brave and daring men march through the pages of this book uncovering the wonders of the New World, the South Seas, and Africa. "The Ordeal of Woodrow Wilson" and "The Great Age of Discovery" are available at the library in memory of Ray Webb.

In "The Home Book of Modern Verse," compiled by Burton Egbert Stevenson, a wide selection from most of the poets writing in the twentieth century is offered. In contrast, Oscar Williams has searched through the poetry of seven centuries to give us "A Little Treasury of Great Poetry." These two fine collections of English and American poetry make an important addition to the literature section of the library and were given in memory of Walter S. Darnaby.

### About Knowledge

In this modern age we enjoy a beautiful home. We have the convenience of skilled plumbing work, porcelain bath tub on tiled floor, whereas our ancestors washed in a wooden tub placed near the kitchen stove. Night can be turned into day by the flick of a switch, while some of us can remember the kerosene lamp which was blown out by holding a cupped hand over the top of the lamp chimney. Our fathers blazed trails through forests while we placidly race along in powerful motor cars on endless ribbons of concrete. We are learning to harness the atom and the jet age takes us at speeds faster than sound.

Yes, we are a smart people but our elders may have been wiser. Have we the Faith of our fathers or tend we to trust in our own strength? The Bible has well said, "Knowledge shall increase in the last days." But knowledge cannot give us salvation.

"And thou, Solomon my son, know thou the God of thy father, and serve him with a perfect heart and a willing mind: for the Lord searches all hearts, and understandeth all the imaginations of the thoughts: if thou seek him, he will be found of thee; but if thou forsake him, he will cast thee off for ever." — I Chronicles 28-9.

(Emanuel Thiele)

## John Rompesky, 82, Was Buried Tuesday

John Rompesky, 82, Trevor, Wis., died of a heart ailment at 1:30 p. m. Sunday at his home, following a lingering illness. He was born May 22, 1876 in Poland. He came to the United States as a child, living at Pikeville until moving to Liberty Corners 50 years ago. He was a member of Modern Woodmen of America, Salem Camp. He retired eight years ago as a Kenosha County Highway Department employee.

Survivors are his wife, Mabel, a brother, Herman, and a sister, Rose, both of Kenosha.

Funeral services were held Tuesday at the Strang Funeral home, with interment at Liberty cemetery.

Mrs. Franklin Swanson, Franklin, Jr., and Barbara, Madison, Wis., are spending a few days with her mother, Mrs. Grace Miller.

Mr. and Mrs. Louis Biel of Channahon Lake entertained about 35 relatives on Sunday.

Mrs. Elizabeth Erenhuber left to reside in a Home at Lake Villa.

Mr. and Mrs. Andrew Tuft and son, Edward, from Johnsburg visited at the Willis Sheen home on Saturday.

Some reports said that the attacks made on Vice President Nixon in South America came from students. However, according to J. Edgar Hoover, many of the participants were persons in their late thirties and forties. Mr. Hoover also says that the attacks were definitely communist-inspired.

## Toll Fare to Chicago From Rte. 173 60c

It will cost passenger car operators 60 cents to travel over the toll road from the Wisconsin State Line to Edens Expressway. This is a sample of the toll that will be charged on the Illinois branches of the Tri-State Highway.

Passenger cars and light trucks are expected to account for 87.6 per cent of the total traffic and 73.7 per cent of the tolls. The larger trucks will constitute 12.4 per cent of the traffic and 21.3 per cent of the estimated tolls. First revenues will begin Jan. 1. The toll system will not open as early as expected.

## Vacationing at Home Popular This Year

So you're vacationing at home this year.

Well, you're not alone in your choice—lots of folks nowadays vacation right in their own back yards.

Look at the advantages—no traffic to contend with, no tired children in the back seat, no worry about accommodations.

But you will have to be just about as cautious at home as if you were vacationing hundreds of miles away, the National Safety Council says. "Your vacation at home," it says, "must be safe to be happy. It can be if you follow a few rules." For example:

1. Water's water, whether it's a distant beach or a back yard pool. Small children never should use a home pool except when supervised

The Brownies of the community are enjoying their second week of day camp.

## SOWISCO JR. RIFLE CLUB—

The value of proper instruction in the shooting of a rifle has been shown by the scores that the new members have made. Fred Lentz, Sr., chief instructor, sent a new group out to the outdoor range after completing their instruction classes. After two shooting periods four members have qualified 10 targets to earn the Pro-marksman award. They are Walter Lusczak, Joe Anderson, John Oleninski, Paul Shendel. To earn the Pro-marksman award, a member must score 20 points or better on ten targets. New members just learning how to handle a rifle and proper conduct on the range find that it is not easy to do.

Others who scored qualifying targets are: Bill Mikes, 7 targets; Don Fleming, 6 targets; Bobby Weisman, 1 target; Donna Zubor, 1 target; Ricky Lusczak, 1 target, all toward Pro-marksman award.

Joel Flaschner qualified 1 target; Guy Flaschner, 3 targets, towards the Sharpshooter award.

Don Anjuilis qualified 3 targets toward the Sharpshooter third bar award.

On Tuesday evening the fifth week of the Handicap tournament the standings are: first place, Bill Couch, Jr., 416.0; second place, Don Anjuilis, 414.53; and third place Guy Flaschner, 409.42.

Next week will be the final round.

James Knigge, Rt. 2, Box 131, Antioch, is among 140 gifted Illinois high school art pupils who have been awarded scholarships by the Illinois Federation of Women's Clubs to unique summer art schools operated by the University of Illinois Division of University Extension.

The art schools, now in their ninth year, will be July 27-Aug. 2 and Aug. 3-9 at Allerton Park, U. of I. conference center near Monticello. Seventy young artists will attend each of the two sessions on room- and board- scholarships provided by the Federation. The instructional program is supported by the University.

James, attending the second school session, will be sponsored by the Antioch Woman's Club of District No. 10.

## 350 Contested for 4-H Clothing, Food Honors In County Show Here

Antioch Township High School was the mecca of 4-H Club girls Monday at the annual style show and foods demonstration contest.

Three hundred and fifty girls, mainly from the central and western part of the county took part. The food demonstration contests were held in the forenoon and the clothing projects in the afternoon.

In the food demonstration contest Peggy Drazine of the Jolly Bunch, Grayslake, was the champion. She and eight others will represent Lake County at the state fair Aug. 8-17. The others are Susan Crook, Volo; Sherry Ward, Prairie View; Marion Collins, Mundelein; Arnette Nord, Libertyville; Rachael Naffziger, Howe 4-H Club; and Kay Daley, Mundelein.

Janice Sneesby, 17, Gurnee, won the grand championship with her coat and dress ensemble. It was her eighth year in sewing. Others who will go to the state fair on the basis of their entries are Patty Day, Libertyville; Marie Lundy, Gurnee; Charlotte Molcar, Libertyville; Joan Devereaux, Sandra Parker, and Carol Thies, Mundelein; Barbara Wall, Gurnee; and Sharon Alwart, Wauconda.

Thirty-four received blue ribbons for their project.

Nan Oetting of Mankato, Minn., is visiting her grandparents, Mr. and Mrs. Charles Oetting of Trevor.

## Collie Club Meeting Near Elgin on Sunday

Final plans and the new date for the Central States Collie Club convention are as follows:

The convention will be held July 27 at Robin Knoll Kennels, Rte. 58, 2 miles west of Rte. 59, Elgin, Ill. Gates open at 12:30. The judging will start at 2 p. m. with Mr. and Mrs. C. Neuman of Wheaton, making the awards.

Added attraction is the Children's Handling Class.

The convention is held mainly to get families and collies together for an afternoon of pleasure and "Collie talk." There will be light refreshments.

Any further information may be had by calling the Chicago area secretary, Mrs. Crampton at Museum 4-3246, or the publicity chairman, Miss Strang at Majestic 3-3081.

The jet-age for commercial aircraft will begin this coming winter. On a November day, a Pan American-Boeing 707 will take off from New York's Idlewild Airport bound for Europe.

For quick results, place a want ad by calling 43 or 44.

## McHenry Fiesta Day Was Huge Success; Attendance 15,000

The first annual McHenry Fiesta day last Sunday got off to a good start at 1:30 p. m. when the big parade of floats, bands and marching units wound up at the judges' stand after making its way through the business streets of town, where thousands were lined up to watch.

The judges were Elliot Robinson, resident of McHenry countryside, Paul Wittenmyer and Dave Malcolm, two prominent Chicago theatrical booking agents.

The floats were not judged—they were entered purely for beauty and fun and for civic pride.

The musical units received awards as follows: V.F.W. Drum and Bugle Corps, McHenry, 1st; Huntley High School Band of Huntley, 2nd; the marching units: V. F. W. Auxiliary of Woodstock, 1st; American Legion Auxiliary of McHenry, 2nd; baton twirlers, Nancy's Baton Twirlers of Woodstock, 1st; Viscounts of McHenry, 2nd.

Mayor Freund's Old-Settlers' program culminated in presenting Mrs. Elizabeth Schneider, 91, a prize for being the oldest resident to attend the Fiesta, and Mrs. Don Rosner of Adelanto, Calif., the one who came the greatest distance to attend the hometown Fiesta.

It is estimated that a crowd of some 15,000 attended the festivities in McHenry. The guest book revealed that many came from nearby counties of Cook, Kane, Lake, DuPage and Boone, while others came from Milwaukee and other Wisconsin cities. The greatest number were probably from Chicago, while a few were from as far away as California.

Mr. Dan Cramer, president of the Chamber of Commerce, remarked that the Fiesta will be an annual event and it is hoped that new activities will be added each year, to make the Fiesta progressively more interesting.

The various committees are, even now, planning ways and means of making their particular project better next year.

This year the Tennessee Valley Authority celebrates its 25th birthday. Writing in Newsweek, Raymond Moley reviews TVA's activities and purposes, and concludes: "... if this is not Socialism, then Socialists at home and abroad who have hailed it as a great first step to the abundant life are badly fooled. Certainly to call the TVA 'democracy in action,' as its adherents hail it, is a misnomer because the directorate responsible only to the President and Congress has plenary power—a power that has grown with the years."

The Antioch News and Antioch Theatre invite Nellie Hanke, 1039 Bishop St., Antioch, Ill., and one to attend Sunday, Monday or Tuesday's showing of "The Vikings" at the Antioch Theatre.

## Perform at County Fair Tonight

Because they won a blue ribbon in the Share-the-Fun Contest the Sequoia 4-H Club of Antioch will take part tonight in the 4-H entertainment at the County Fair. This is the first year for the club whose members range in age from 10 to 16. Shown here are, left to right, Carol Nettles, Sharon Zmuda, Leone Nelson, Mary Murawski, Karen Nettles, Julie Nissen, Kathy Strahan, Susan Nettles, and Mary Gibson. Not present when the picture was taken were Rosemary Frank and Sue Vos. Mrs. Glenn Nettles and Mrs. William Strahan are the leaders.

WAUKESHA, WIS.—Boyd Burnside, Tampa, Fla., will assume the duties of Dean of Men at Carroll College starting August 18, 1958, according to an announcement by Dr. Robert Steele, president of J. House.

## Free Air

By  
JOE LORUSSO & DON KENNEDY

NO PUMPING . . . PLEASE

Flooding carburetors are one of the chief headaches of auto drivers, especially with the ladies. Then, to make matters worse, the average driver pumps the gas pedal which is the wrong thing to do.

Leave the car alone for ten minutes and give the excess gasoline time to drain off. Then, push the gas pedal to the floor and hold there while starting the engine.

Generally, this will start your car unless you have a dirt-clogged fuel system or an improper adjusted float level. For this kind of servicing, drive over to JOE & DON'S TEXACO SERVICE at 970 Main Street, Antioch, Ill. for the finest of professional car servicing. Ask your neighbor about us.

## ECONOMY TV TOPICS

(By Harold "Pete" Peterson)

IMPLOSION

When we sell TV picture tubes without the installation job to customers, we always warn the buyer about the danger involved.

Picture tubes have a very high vacuum, about 3,000 pounds per square inch for the average; a 24" might have 5,000. This is a constant high strain on the tube; and any slight crack or damage can cause the air to rush in and cause an implosion and flying glass.

When we at ECONOMY TV on Route 173, 1 mile West of Antioch install picture tubes, we use methodical care and the proper tube for the particular set. Phone Antioch 1454 for this service, or bring your set to our shop for qualified installation.

# for "Choice" Quality Beef

## YOU CAN DO BETTER AT JEWEL!

Visit your Jewel's meat department this weekend... and take a good look at the roast you buy! Here are several points to look for when buying meat:

Better quality beef is cherry red in color and firm to the touch. The lean is velvety and fine grained with little veins of cream-white fat running

through it. (Your Jewel market man calls this marbling... the more marbling in a cut of beef, the more flavor there is for you to enjoy!)

Jewel beef has all these qualities! That's because Jewel buyers select only Government graded "Choice" beef for you... the highest grade of beef available in quantity!

28 YEARS AGO  
LOCAL YOUNG PEOPLE  
GO TO LAKE GENEVA

Several Antioch young people are enjoying a new type of vacation this week while in attendance at the Summer School of Religious Education at Conference Point, Lake Geneva. The Rev. P. T. Bohl, of the Methodist Church, is this city's representative on the faculty. He has charge of a course in methods of young people's work.

Interpersing the instruction are sports, parties, early morning watches and boat rides.

Among those from here are: the Misses Catherine Beattger, Emily Mills, and Bertha Overton; also Harold Nelson, Dan Williams, Bob King and Bob Dickson.

ANTIOCH PEOPLE  
PROVE GOOD LICKERS

Although it probably did make them wonder what they did with the extra red cent, all good Antioch people conformed to rules and regulations yesterday and obligingly licked the other little green stamp.

A communication received at the local postoffice from the office of the postmaster general, Washington, D. C., reads as follows: "Letters and other first-class matter, including that for local delivery at letter-carrier offices and that for delivery or collection by rural or star-route carriers at all offices—3 cents an ounce or fraction of an ounce.

"Letters in business reply envelopes—3 cents an ounce or fraction of an ounce, plus 1 cent additional for each letter."

"Air Mail—8 cents for the first ounce or fraction of an ounce, and 13 cents for each additional ounce or fraction of an ounce."

July 21, 1932  
LIBRARY TO CLOSE  
FOR CATALOGING

The Antioch Public Library is to have a complete cataloging made of the books on its shelves, Miss Mary Stanley, librarian, announced today. This will necessitate the closing of the library for a week, the last day for charging out books being Tuesday afternoon, July 15. All books are due Friday, the 15th, and the force will appreciate having them in by that time, as it will help those doing the work to complete it without delay.

Donation of books for which the owners no longer have any use will be acceptable on or before July 15, according to Miss Stanley. Until this date, the library will be open each Tuesday and Friday afternoon from 3 o'clock to 5:30 standard time. The library will resume its regular schedule on July 28.

BAND TO CONTINUE  
TO GIVE CONCERTS

The Antioch Community band

will continue to render concerts here on the lot next to King's Drug Store during the rest of the summer. President A. G. Whitmore, of the Chamber of Commerce, announced today. They will play each Wednesday night.

MOTOR COACH COMPANY  
INTERESTED IN LAKES

Indicating the interest of the Chicago Motor Coach Company in patrons who seek vacation places offering real recreational facilities, Pres. Ritchie, of the Chicago Company and of the Fifth Avenue (New York) bus lines, has placed a large order for the new Chain O' Lakes map—for their special bus chartering to the region.

The company sends seven or eight chartered buses to the lakes from Chicago every week.

## TAX FACTS

Local governments in Illinois could collect an extra \$34 million a year if all registered autos reached the tax rolls and resultant personal property taxes were collected, the Taxpayers' Federation of Illinois said today.

For the year 1957 registrations for passenger cars in Illinois totaled 3,068,447, but only 1,287,808 of this number were listed on the tax rolls (58%, or 1,780,939 were not on the tax rolls).

On a statewide basis, passenger cars were assessed at an average equalized value of \$641.28 each. This average assessment applied to 1,780,939 autos that escaped tax rolls produced an equalized valuation of \$1,142,080,562. Assuming the 1957 statewide tax rate to be \$3.00 per \$100 of valuation (it was \$3.205 in 1956), this means \$34,262,417 in property taxes were lost to local governments in Sangamon, Peoria and Rock Island counties.

It is true that the auto is an article of personal property that is highly taxed in many ways. The auto owner pays a sales or use tax on the vehicle when he purchases it. Each year he purchases license plates to decorate the front and back bumpers. Then too, the gasoline that drives the pistons and all parts, such as tires, are subject to other taxes.

If an owner lives in a municipality that levies a wheel tax (which, by the way, does not go toward the support of schools and counties, but only to the levying municipality), he is again pinched for the privilege of enjoying the status of an auto owner.

But taking all this into consideration, the absence of 58% of the registered autos in Illinois from personal property tax rolls is not fair to the 42% who are on the rolls and who do pay property taxes on their vehicles. Also, such an omission shifts an additional burden on real estate taxes, and does not help answer the need for additional revenue for local governments that have proven their needs.

Mrs. Earl Beese—Antioch 532-V/1  
Mrs. Walter Johnson—Antioch 405-M1  
Correspondents

Lt. Harry Nelson, son of Mrs. Torberg Nelson of Indian Point, graduated from St. Joseph's Military Academy in LaGrange last month. He will enter Marmion Military Academy, Aurora, Ill., in September, having passed his entrance exams. He is spending his summer in Wis., before entering high school in the fall.

Part of Troop 6, Grass Lake Girl Scouts, camped out three days last week at Camp Cardinal, behind the Grass Lake school. Girls who attended were: Randy Jacobsen, Bonnie Reed, Elizabeth Barker, Carol Frasier, Carol Filliatreault, Carol Hribar, Judy Heywood, and Linda Kensten. Leaders who sponsored the activity were Mrs. Belle Hribar and Mrs. Jean Reed.

Notice to subdivision home owners: It would be much easier and to your advantage if you can work out house numbering systems in your subdivisions. This request is made by the Fire Dept., Rescue Squad, and Police Chief. They recommend it for your protection in order that they may find places more quickly in emergencies. Give the numbering system to the Village Clerk or Fire Chief and they will keep a record of it.

John Burke of Indian Point is spending a few weeks with friends in Decatur, Ill.

Mr. and Mrs. Mike Wajnowiak of Bluff Lake are the proud parents of a baby boy named Jack Arthur, who was born at Victory Memorial hospital, Waukegan, on Tuesday, July 15. Jack weighed in at 6 lbs. 15 ounces.

The first meeting of the Resthaven Community association was held Sunday, July 20, at the home of Mr. and Mrs. Walter Johnson, Resthaven Terrace. It was attended by 36 persons interested in getting the group organized. By-laws were passed by the group and the following officers were elected: Mrs. Walter Johnson, president; Mr. George Bury, of Chicago, vice president; Mrs. Earl Beese, Summerside Drive, secretary, and Mr. Bill Landwer of Oak Park, treasurer. Committees to maintain roads, beaches and docks were appointed. Also three trustees were elected. They are Mr. John Blotch, Summerside Dr., Mr. Clem Cybul, of Chicago, and Mr. Richard Hansen, of Berwyn, Ill.

John Rampp of Highwoods Dr., a student at St. Peter's school is enjoying a fishing summer. He caught a 2 1/2 lb. bass in the channel by his home. It was not luck but skill that got him the fish, because he caught it on spinning tackle. It's easy to see that this is an avid fisherman in the making.

Jack Mabley of the Chicago Daily News looks at current female fashions: "I think the fashion operators in Paris and Italy are playing an enormous joke on women. They have deliberately set out to design the most unflattering, ungraceful, bulky and idiotically draped dresses they can dream up." The sack dresses, he adds, "are fine for expectant mothers and shoplifters," but no one else.

### Chicago Museum Shows "Stairway of Gears"

To make it easier for its visitors to understand the basic principles embodied in the inner workings of modern machines, the Museum of Science and Industry has installed a completely redesigned exhibit to be known as "The Stairway of Gears."

Visitors are invited to press buttons and turn cranks which operate such seemingly un-workable mechanisms as gears that are actually square, elliptical and spiral in shape. Bright contrasting colors have been especially used to draw attention to the unique forms, help visitors distinguish one part from another, and visualize the working movements.

The dynamic multi-panel display offers do-it-yourself demonstrations of gear mechanisms ranging from the very simplest type of rotating, tooth-edged disks to very intricate combinations of rings, bars and floating links. The exhibit is designed to explain how gears transmit motion in machinery and other mechanical devices from one movable part to another and how, by varying the size and shape of the separate parts, the speed and direction of motion may be controlled.

#### OUR LEADER OF SHINING LOVE

In my boyhood, while going to school,

I learned well, to obey the golden rule,

When time allowed, to play in sports,

I took my place, to make good points,

As years kept time, for my age,

My gathered knowledge, was preparing the stage,

To set me to work,

According to my country's age.

### Examination For Rural Carrier

An examination for Rural Carrier  
for the post office at Lake Villa,  
Ill., will be open for acceptance of  
applications until August 12, 1958,  
the Commission announced today.

Applicants must take a written  
test for this position. They must  
have resided within the delivery of

the office for one year immediately  
preceding the closing date of the  
examination. In addition, they  
must have reached their 18th birth-  
day on the closing date for accep-  
tance of applications. There is no  
maximum age limit. However, per-  
sons who have passed the age of 70  
may be considered only for tempo-  
rary renewable appointments of one  
year.

Complete information about the  
examination requirements and in-  
structions for filing applications

may be obtained at the post office  
for which this examination is be-  
ing announced. Application forms  
must be filed with the U. S. Civil  
Service Commission, Washington  
25, D. C., and must be received or  
postmarked not later than the clos-  
ing date.

Postmaster Hucker said the route  
consists of 28 miles of territory

## Announcement!

It has come to my attention that some of my many friends and customers have heard stories to the effect that Grass Lake Lumber Co. Grass Lake Rd., Antioch, Illinois has been sold to a competitor. These stories are entirely without foundation, and as the sole owner of the Grass Lake Lumber Co. I expect to have the pleasure and privilege of serving my friends and customers for many years to come at my present location and as the sole owner of my company.

Mrs. John Selzer, Correspondent  
Telephone Elliot 6-1172

Mr. and Mrs. Thor Neumann returned home last Tuesday from a ten day visit with their daughter and family, Mr. and Mrs. Herbert Kruskinski in Coopersburg, Pa. They spent a good part of their visit there getting acquainted with their brand new granddaughter.

Mr. and Mrs. Henry Sanders of Hamilton, Ontario, Canada, arrived last Thursday for several weeks' visit at the home of their son and family, Mr. and Mrs. Douglas Sanders.

Supper guests Friday in the John Selzer home were his parents, Mr. and Mrs. Peter Selzer. When they left, John Jr. accompanied them for a week-end visit.

Sunday guests in the John Selzer home were Mr. and Mrs. Frank Simecek.

Dominic Guido and his son, Dominic, Jr., were guests of honor at a double birthday party in their home on Sunday. Dominic, Jr.'s birthday was Sunday, July 20 and his dad's is on the 25th. Guests at the party were Grandmother, Mrs. Angela Guido, Mr. and Mrs. Ernest Guido and son, Mr. and Mrs. Thomas Petrolis and family, and Mr. and Mrs. Joseph Pulice and family, all of Chicago. Dominic, Jr. was one year old, and daddy isn't saying.

Kurt Gnoske, son of Mr. and Mrs. Harold Gnoske, was one year old on July 20. There was a small

celebration on Saturday night with their house guests, David Yamauchi and Scott Knight. Sunday, Kurt was the center of attention in Chicago at a party in the home of his grandparents, Mr. and Mrs. O'Kane.

Louis Swoboda, Sr., of Philadelphia, Pa., has just completed a two week visit in the home of his son and family, Mr. and Mrs. Louis Swoboda. He came for just a week but he liked it so well here that he stayed for two.

Mr. and Mrs. Boyd Bierkamp of Philadelphia, Pa., are visiting in the home of her sister and family, Mr. and Mrs. Lou Swoboda.

Sp/3 Joseph J. Field, son of Mr. and Mrs. Harris Field of Deerpath Dr. was married Saturday, July 19, to Miss Mary Ann Geardine of Chicago. The newly-weds will spend a few days honeymooning at Lake Geneva, Wis., and then spend the remainder of his leave with his parents.

Scott Coles, small son of Mr. and Mrs. Ronald Coles, was rushed to the doctor Monday night by the police for a serious cut in his hand, requiring 4 stitches to close it. It was cut when he fell on a piece of broken glass.

Junior League standing as of July 20:

	Won	Lost
Braves	7	1
Cubs	9	2
Yankees	6	4
Dodgers	3	8
Sox	3	8
Indians	2	7

The Lindenhurst teams played the Ravenswood camp team Sunday at the Ravenswood Camp. Ravens-

wood won 6 to 5.

An ordinance providing for central purchasing was passed by the Lindenhurst Village Board at its last meeting. The new law is expected to give the board knowledge of each department's requests and to control the purchases through one channel and committee.

Deadline for vehicle stickers and dog licenses has been set for July 31. Signs at the entrance to the village will be put up directing attention to the deadline and telling where the licenses may be purchased.

A proposal was made that members of the board make a field trip to the sewage oxidation plant to ascertain whether it would be a type the village could use. More tile was laid in Unit 18 for the drainage of the septic systems with reported good results.

An appropriation ordinance was passed totaling \$18,000. It provides for the eventual purchase of a new squad car, adequate street lighting and other improvements.

A sketch of a proposed village hall was presented to the board for future discussion by the grounds and parks committee.

**Parents of Daughter**

Mr. and Mrs. George Pahlke, Jr. are the parents of a daughter, "Kathleen Marie," born July 19 at the Highland Park hospital. Mrs.

Pahlke is the daughter of Mr. and Mrs. Peter Matteoni, of Antioch. The paternal grandparents are Mr. and Mrs. George Pahlke, Sr., of Trevor, Wis.

**Margaret (Birdie) Wick, 74, Dies at Venetian Village**

Mrs. Margaret (Birdie) Wick, 74, Venetian Village, Lake Villa, died at 3:30 a.m. at the home of her son, John, after six months of illness. Mrs. Wick was born March 6, 1884 at St. Louis, Mo., living in Milwaukee and Chicago before coming to the home of her son.

Survivors are three sons, John D. Wick, Venetian Village, John Kaad, Milwaukee, and George Kaad of

Chicago, two daughters, Vivienne Atwood, Chicago, and Irene Smith, Camp Lake; a sister, Nell McAuliffe of Milwaukee and eight grandchildren.

Funeral services were held Wednesday at the Prince of Peace church at Lake Villa. Fr. David J. Lynch officiated at the service. Burial was in Mt. Carmel Cemetery, Chicago.

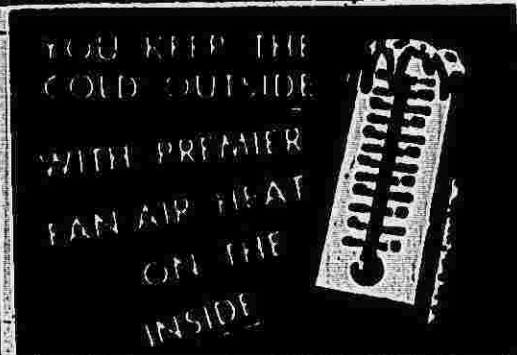

Mr. and Mrs. John Dupre and son, Jimmie, attended the Fiesta Day at McHenry Sunday.

The Women's Society of Lakeland Baptist Church, Lake Villa, is sponsoring a food concession for the third consecutive year at the Lake County Fair under the leadership of Mrs. L. D. Hansen and Mrs. Thomas Ivester. Barbeque and hot dogs will be served.
